Heritage artifact

Green design

Coming soon

The North Slope

100 years of excavation revealed layers of interglacial climate change and left a stunning cliff.

Don Valley Brick Works Park

The City of Toronto's unique Natural Environment Park is an oasis for everyone to enjoy.

Centre for Green Cities

Among Canada's greenest, this LEED Platinum building is a showcase for green design.

Chimney Court

A dynamic space for outdoor play and learning.

Giant Flowers

Art and nature reclaim space.

Outward Bound Canada

Climbing tower and other active challenges.

Geology Exhibits

Discover Toronto's geological history and why this site was founded.

Historic Brick Press

This heritage artifact was a common brick machine in Toronto in the early 1900s.

A.P. Coleman's Boots

Learn about the geologist who put this site on the map.

Four Directions

Film and video that suggest positive change can emerge from destruction.

The Bike Works

A new community bike space.

YOUNG WELCOME CENTRE
START HERE

Club House

Junk Raiders built this two-storey fort entirely from repurposed materials.

The Watershed Wall

Toronto's vast ravine network and its many rivers and creeks.

Winter Skating Trail

An open-air public skating trail that winds through The Gardens.

The Water Cisterns

Fifteen 20,000-litre rainwater cisterns collect water from the vast roofs to irrigate our many gardens.

Café BeLong

Celebrated chef Brad Long cooks up seasonal dishes.

The Kilns

In the quiet drama of the long tunnel kilns, discover artifacts of the past.

Evergreen Gardens

Open year-round to help you grow eco-friendly gardens in urban spaces.

The Gardens

Explore and get your hands dirty.

Brick Workers' Portraits

Large-scale portraits of the brick makers who worked here.

NEW THIS FALL

SCHOOL PROGRAM

Students will learn with their hands and on their feet—planting trees, growing food, baking bread, and honing their building skills. Year-round, full-day programs for grades 3–5, half-day programs for grades 6–10, and site tours for grades 11–12. To book, contact Anne: adabrowski@evergreen.ca

CONVENING CONVERSATIONS AND INSPIRING IDEAS

T.H.E. Speaker Series will explore Technology, Health and Environment and the new and critical ways in which they intersect.

Brick Works Forum brings together leading thinkers to discuss leadership, innovation and sustainability.

WORKSHOPS AND EVENTS

Stewardship Weekly greening group. Everyone welcome.

Green City Workshops Hands-on tips and techniques.

Nature Nut Club For children ages 6–11.

GE Chef Series Kitchen workshops to get you thinking.

Bike Workshops Maintenance, safety and winter riding.

Canning Workshops Preserve the best of the harvest.

Home Depot DIY Workshops Learn to green your home.

EVERGREEN GARDENS STORE

An eco-friendly garden starts here. Celebrate autumn with fall flowering plants, pumpkins and straw. Perennials, trees and shrubs are perfect for fall planting. Stay tuned for holiday trees and other winter adornments too! All sales support Evergreen's mission-based programs.
